`p_scanAdd`*type*`(d)`	Return the sum of d up to this PE
`p_scanMul`*type*`(d)`	Return the product of d up to this PE
`p_scanAnd`*itype*`(d)`	Return the bitwise AND of d up to this PE
`p_scanOr`*itype*`(d)`	Return the bitwise OR of d up to this PE
`p_scanMin`*type*`(d)`	Return the minimum of d up to this PE
`p_scanMax`*type*`(d)`	Return the maximum of d up to this PE
`p_rank`*type*`(d)`	Return the rank of d for each PE, such that the smallest value has rank 0
